

DUMITH ARAMBEPOLA

Front-end Developer / Senior Web Developer

Hello, I'm Dumith

With over a decade of expertise in web design and development, I have successfully collaborated with numerous clients globally. My proficiency extends to user experience (UX) design, further enriching my skill set. I am now eagerly seeking new opportunities to contribute my wealth of experience and skills to innovative projects.

EXPERIENCE

- ASSOCIATE WEB DEVELOPER**
 2013 - 2015
3CS Sri Lanka | www.3cs.lk
 During my tenure as an associate web designer and developer, I specialized in creating forward-thinking websites for clients in Sri Lanka and around the world. This period marked a significant learning phase in my career, as I leveraged the latest technologies and trends to deliver innovative digital solutions.
- WEB DEVELOPER**
 2015 - 2017
WorkerBee MD | www.workerbeemd.com
 As a web developer based in Sri Lanka, I collaborate with a US-based web development company, specializing in building websites for medical clients in the USA. We work remotely to deliver high-quality web solutions tailored to the healthcare industry.
- SENIOR UI DEVELOPER**
 2017 - 2022
emarketingEye | www.emarketingeye.com
 I was a member of a prominent digital marketing firm in Sri Lanka, where my role involved crafting top-notch websites for clients across the globe.
- SENIOR FRONT END DEVELOPER**
 2022 - Present
Attractor Solutions | www.attractor.com.au
 I am currently serving as the lead front-end engineer for an Australian-based company, working remotely with a skilled Sri Lankan development team. Together, we are providing top-notch websites for clients based in Australia.
